## HOBBIES

- Playing Cricket
- Listening to music

## PROJECTS

### Book Recommendation System :-

(Python, Pandas, Numpy, Flask)

November 2021

A Book Recommendation System is a type of information filtering system that seeks to predict and suggest books that a user may be interested in, based on their historical behavior, preferences, or similar tastes of other users.

### Websites :-

(Html, Css, Bootstrap)

A Portfolio Website is a digital platform that showcases the work skills, and experience of an individual, a company, or an organization.

### Hotel cancellation Analysis :-

(Excel, mysql)

Hotel Cancellation Analysis is a data-driven approach used by the hospitality industry to understand the factors influencing customer booking cancellations. This analysis is crucial as it helps in revenue management, inventory control, and improving overall customer satisfaction.
